**All Mums priced at
25 Cents each.**

Orders for \$2.00 and over shipped via Parcel Post prepaid. Orders for less than \$2.00, add 25 cents for postage and packing.

Special Bargain

10 Plants for \$2.00 post paid on all orders received before April 15th.

Some varieties will be sold out early, so make 2 or 3 choices. With your permission, I will substitute a variety of the same color, selecting the best plants available.

Best Time to Plant

May 1 to June 15

Extra Early Blooming Mums

These extra early varieties will produce a wealth of bloom before the heavy frosts. They will tolerate partial shade and still bloom. However they will not bloom quite as early if grown in a shady location.

Name	Description	Height	Blooming Date

YELLOW AVALANCHE	Soft yellow. Excellent.....	22	Sept. 4
ZANTHA	Outstanding. Very hardy, canary yellow.....	22	Sept. 6

Midseason Blooming Mums

All of the following are excellent varieties.

The abundance of flowers of the rich fall colors will provide baskets and vases of bouquets. Will you have bouquets next fall after frost has destroyed other garden flowers? Mums will continue to bloom and make a fine display. Only a freeze will destroy a Chrysanthemum bud not yet open and these buds will open after the early frosts and produce perfect flowers for cutting.

*Exceptionally frost resistant.

Name	Description	Height	Blooming Date
*APRICOT GLOW	—Rich bright apricot-orange. Cushion type	17	Sept. 11
AUTUMN SONG	—Wine rose shading to carmine.....	20	Sept. 12

Late Blooming Mums

These late blooming varieties are some of most beautiful hardy chrysanthemums in existence. All are outstanding and very, very frost resistant. However they require full sunlight and will not bloom if planted in a shady location. Don't buy late blooming varieties if you have a shady place for your mum garden.

Name	Description	Height	Blooming Date
